EXCELLENCE IN  
**HEALTHCARE  
2017**

The Automated  
OT/OR UV Sterilization System

# Introducing revolutionary PIECO automated ceiling mounted PIE-UVST-ORAU Surface and AIR Sterilization System

**Our ceiling mounted UVC lights can rapidly sanitize all surfaces and even the air in the room and because there are virtually no disposables it costs just pennies to thoroughly treat either large or small spaces.**

## **Working**

On just a touch PIE-UVST-ORAU takes control of the OR/OT door window blinds and seals the OR with Audio Visual indication and starts UV sterilization of the surface and the air as per settings.

**Just 15 Minutes to PIE-UVST-ORAU  
To sterile entire OR**

## Feature

- ✓ Easy to Use
- ✓ Sterilization between cases
- ✓ Dual wavelength Ceiling mounted
- ✓ Can fit in your existing infrastructure
- ✓ All features controllable via SSCP or remote
- ✓ Intelligent safety technology
- ✓ Comes with progress bar display
- ✓ Audio status indicator
- ✓ With Dual Emergency stop
- ✓ Mounts flush with ceiling
- ✓ Delivers 99.9% surface microbial: kill: rates
- ✓ USDA is a sleeved lamp configuration for shatter-resistant and moisture-resistant protection.
- ✓ Energy efficient –uses approximately the same energy as a 500 watt light bulb.
- ✓ Produces no ozone or other secondary contaminants.
- ✓ Long service life –typically 9,000 hours of usage between change outs.
